

Late Submission Penalty Calculation Policy

Faculty of Computing Science

The following policy is adhered to in the Computing Science Faculty with regard to assignment deadlines in all modules.

- Assignment submission on time – Student gets marks as normal
- Up to 24 hours (one day) late – student loses 10% of their mark
- Up to 48 hours (two days) late – student loses 20% of their mark
- Up to 72 hours (three days) late – student loses 30% of their mark
- More than 72 hours (four days) late – assignment is capped at 40% mark
- More than 168 hours (one week) late – student loses 100% of their mark

For example, if a student submits a piece of work that would normally be worth 76%:

Assignment submitted	Mark achieved	Calculation
On time	76.00%	$76\% \times 1.0$
Up to 24 hours (one day) late	68.40%	$76\% \times 0.9$
Up to 48 hours (two days) late	60.80%	$76\% \times 0.8$
Up to 72 hours (three days) late	53.20%	$76\% \times 0.7$
More than 72 hours (three days) late and up to 168 hours (one week)	40%	Capped at 40%
More than 168 hours (one week) late	0.00%	0.00%
